

BOARD HIGHLIGHTS

Highlights of the RDCK Board Meeting May 16, 2019 REGIONAL DISTRICT OF CENTRAL KOOTENAY NELSON, BC

For more information, contact Angela Lund, Deputy Corporate Officer,
at (250) 352-8160 or alund@rdck.bc.ca

B.C. ORGANICS INFRASTRUCTURE PROGRAM

Staff will be submitting an application for grant funding for the Central Landfill Organics Facility and the Creston Landfill Organics Facility through the B.C. Organics Infrastructure Program as part of the proposed regional composting program. The municipalities of Castlegar, Creston and Nelson, along with the Regional District of Kootenay Boundary (RDKB), recently committed to partnering in this program, which will strengthen the application. The Board has approved using short-term borrowing to fund the RDCK's share of the construction costs of composting facilities at both the Creston landfill and the Central landfill. The Board directed staff to prepare final cost estimates and principal repayment terms for a short-term loan for the facilities, to be presented at the June meeting.

AGREEMENT FOR REGIONAL FLOOD MAPPING PROJECT

The Board received the final report on the Regional Flood Hazard Risk Assessment which was funded with Stream 1 National Disaster Mitigation Program (NDMP) funds in 2017. The Board approved that the RDCK enter into a new funding agreement under Stream 2 of the NDMP with Public Safety Canada and Emergency Management BC for the Regional Flood Mapping project. The flood mapping project will be informed by the results of the Regional Flood Hazard Risk Assessment project and the recent acquisition of LiDAR for the region. The results of both projects and LiDAR will inform community planning, risk reduction (mitigation) strategies, support future funding opportunities for risk assessment and mitigation projects, and inform assessment of wildfire-related impacts, especially as they relate to changes in creek and river hydrology.

SOFI REPORT

The 2018 Statement of Financial Information Report (SOFI) was received by the Board, and was approved for release in accordance with the Financial Information Act, with a copy to be filed with the Ministry of Municipal Affairs and Housing. The report will be made available on the RDCK website shortly.

REGIONAL BROADBAND MOU

The Board approved the Memorandum of Understanding (MOU) with the Regional Broadband Committee for the purpose of measuring the state of broadband connectivity in the Columbia Basin/Kootenay Boundary. This is part of the Columbia Basin/Kootenay Boundary Connectivity Strategy, endorsed by the RDCK and other partners in the fall of 2018.
