

REGIONAL DISTRICT OF CENTRAL KOOTENAY

Water Conservation Notice

For Immediate Release
July 21, 2020

Stage 2 Water Conservation Measures in Effect for Riondel Water System

Nelson, BC: Effective immediately, **mandatory Stage 2 Water Conservation Measures are being implemented in the Riondel Water System.** High water demand has resulted in low reservoir levels, which requires Riondel Water Users to conserve water.

STAGE 2 WATER CONSERVATION MEASURES include:

- **Watering of lawns, gardens, trees and shrubs is ONLY permitted between 6:00am-10:00am and 8:00pm-10:00pm.**
- **Watering of gardens, trees and shrubs by watering can or hand-held hose is still permitted anytime.**

The Regional District of Central Kootenay (RDCK) appreciates Riondel water users' cooperation in adhering to the above water conservation measures. Stage 2 Water Conservation Measures will remain in effect until further notice and stricter water conservation measures may be required if demand increases significantly, or if hot and dry weather persists.

Water conservation measures for RDCK water systems are shown in the following table. More details are available on the RDCK website at: www.rdck.ca/water.
