Boil Water Notice Rescinded for the Lister Water System

Nelson, BC: The Regional District of Central Kootenay (RDCK) is pleased to announce that effective immediately the **BOIL WATER NOTICE** issued for users on the Lister Water System has been rescinded.

On Tuesday, September 8, 2020 a **BOIL WATER NOTICE** was issued due to depleted reservoir levels resulting from an extended power outage. This caused depressurization in the distribution system and created potential for the backflow of contaminants to enter the water system.

Reservoir levels have replenished and water quality tests indicate that the water quality is good.

The RDCK appreciates Lister water users' cooperation and patience during this time and apologizes for the inconvenience experienced.

Incorporated in 1965, the Regional District of Central Kootenay (RDCK) is a local government that serves 60,000 residents in 11 electoral areas and nine member municipalities. The RDCK provides more than 160 services, including community facilities, fire protection and emergency services, grants, planning and land use, regional parks, resource recovery and handling, transit, water services and much more. For more information about the RDCK, visit www.rdck.ca.
