

RDCK FireSmart Contractors Application

The RDCK Contractors List is for the purpose of connecting RDCK residents who have had a FireSmart assessment with qualified contractors capable of completing the recommended FireSmart mitigation work.

In order to apply to be on the list, contractors must:

- Operate and provide services to RDCK residents that fall within one of three FireSmart Contractors disciplines; contractors for the home, landscapers, or arborists and forest fuel mitigation
- Provide proof of valid business
- Attend a virtual or in person RDCK led FireSmart Contractors Information Session (1hour)

RDCK FireSmart Contractors should note:

- The RDCK does not guarantee, certify, insure, or inspect work completed by contractors on this list. Being on this list does not constitute an endorsement or referral by the RDCK.
- Only mitigation actions outlined in residents FireSmart home assessment report conducted by a RDCK Wildfire Mitigation Specialist will be eligible for homeowners to collect rebates on.
- The list will be updated as needed based on new applicant numbers. First time applicants must provide a full application, subsequent years (renewals) will only require updated proof of valid business.
- The intake for applications and renewals will be ongoing yearly from May 1st to September 30th.
- If the RDCK receives complaints regarding the quality of work completed we reserve the right to remove said contractor from the list.
