Evacuation Alert issued for Village of Salmo and portions of Electoral Area G

Nelson, BC: Based on the weather forecast and consultation with Water Stewardship, the Regional District of Central Kootenay (RDCK) Emergency Operations Centre (EOC) has issued an Evacuation Alert for 892 properties in the Village of Salmo and the communities of Erie and Ymir in Electoral Area G due to risk of flooding. See map and complete list of properties on Evacuation Alert below.

Evacuation Alert – including all address points

Environment Canada is forecasting heavy rain with the possibility of thunderstorms today and the BC River Forecast Centre has the entire RDCK under flood watch. Erie Creek, the Salmo River and all surrounding tributaries are rising and will approach or may exceed the river banks. Flooding of areas adjacent to affected waterbodies may occur.

At this time residents or visitors within the area are not required to evacuate, however the RDCK advises people to remain vigilant and be prepared to leave the area at a moment's notice. The key to emergency preparedness is knowing the risks in your area and having a plan. Take the time **NOW** to assemble your family <u>Emergency Kit and Grab and Go Bag</u> and ensure preparedness. Your plan should include moving pets and livestock to a safe area, in the event the situation worsens and an Evacuation Order is enforced. Part of your plan should also include where you can go if evacuated.

The RDCK warns everyone to stay away from the edges of watercourses and report any erosion or flooding to the <u>Provincial Emergency Coordinator Centre</u> at 1.800.663.3456

Updates or changes to the Evacuation Alert will be provided via the <u>RDCK website</u>, <u>Facebook</u> and <u>Twitter</u> as more information becomes available.
