EVACUATION ALERT RESCINDED

Date: May 6, 2023

Time: 13:30

The Regional District of Central Kootenay has been advised that the potential for imminent danger to life and health from rainfall forecast and the threat to structural integrity of the Duhamel Creek flood protection works (diking structure) has diminished at this time.

The Evacuation Alert has, therefore, been rescinded for all properties.

In the event that conditions change, Evacuation Alerts or Orders may be re-issued and the evacuation process will re-commence.

A handwritten signature in cursive script that reads "S Sudan".
