

## Meter Interface Unit Replacement Project

Issued: Jan 11 2022 9:32AM PST by RDCK Water Notifications

Locations: [RDCK](#)

The Regional District is pleased to announce that the Meter Interface Unit replacement project in the Grandview Water System is complete, and the EyeOnWater portal website service for customers is now available. This service allows the customer to monitor consumption, view meter data, and set leak alerts.

### Instructions

Please go to <https://eyeonwater.ca> to create an account. You will need your 5-digit account number beginning with a "6". For instructions on how to register for the service, visit our website at <https://www.rdck.ca/EN/main/services/water/rdck-water-systems/grandview-properties.html>

### Additional Information

The Regional District would like to thank Area Director Ramona Faust for providing the Community Works grant funding for this project. For more information contact the RDCK (250) 352-8192 or 1-800-268-7325 ext. 8192, or visit our website at [www.rdck.ca/water](http://www.rdck.ca/water).
