

Boil Water Notice Reminder

Updated: Oct 20 2023 11:05AM PDT by RDCK Water Notifications

Locations: **Generated**

As a reminder, a **Boil Water Notice** is in place for users on the Woodbury Village Water System. The notice was issued on October 5th, 2018 due to historical water quality concerns . Improvements to the water treatment plant have commenced and will require the existing non-approved treatment components to be off-line for periods of time.

Instructions

It is recommended that residents strictly adhere to the long-standing Boil Water Notice at this time. Residents will be notified once the new water treatment components have been successfully commissioned.

The RDCK and Interior Health recommend that all customers **drink boiled water** or a safe alternative until further notice. Water intended for drinking, washing fruits and vegetables, making beverages or ice, or brushing teeth should be boiled for one minute. Boiled water should then be refrigerated in a clean, covered container.

Owners of all public facilities must post a **BOIL WATER NOTICE** at all sinks or drinking water fountains accessible to the public (alternatively, public fountains and taps may be turned off). As opportunities arise, they must also advise their clientele verbally of the **BOIL WATER NOTICE**.

Additional Information

Owners of all public facilities must post a **BOIL WATER NOTICE** at all sinks or drinking water fountains accessible to the public (alternatively, public fountains and taps may be turned off). As opportunities arise, they must also advise their clientele verbally of the **BOIL WATER NOTICE**. Please spread the word to your neighbours – share this information with community members who drink this water, especially those who may not have received this notice directly such as people in long and short-term rental units, mobile home parks and nursing homes. We apologize for any inconvenience this might cause, and appreciate your cooperation and patience during this time. For more information contact the RDCK (250) 352-8161 or 1-800-268-7325 ext. 8161, or visit our website at www.rdck.ca/water.
