

Farm Building (New or Renovation) Building Permit Checklist

Owner Name: _____

Farm buildings shall conform to the requirements in the National Farm Building Code of Canada 1995

Farm building means a building or part thereof that does not contain a residential occupancy and that is associated with and located on land devoted to the practice of farming, and used essentially for the housing of equipment or livestock, or the production, storage or processing of agricultural and horticultural produce or feeds. It is typically an unheated building of *low human occupancy*.

All documentation is required at the time of permit application unless otherwise specified.

Refer to the Regional District Official Community Plan, Zoning Bylaws and Floodplain Management Bylaw for development restrictions related to your building permit application. If an application is non-compliant with applicable bylaws, it may increase the application processing time. Please check the Bylaws at rdck.ca or call 250-352-8176.
