Boil Water Notice issued for the Duhamel Water System

Nelson, BC: The Regional District of Central Kootenay (RDCK) has issued a **Boil Water Notice** for users on the Duhamel Creek Water System. The system is located in the community of Duhamel on the north shore of the west arm of Kootenay Lake approximately 13 km northeast of Nelson. Duhamel is within RDCK Electoral Area F.

The **BOIL WATER NOTICE** is being issued as a precautionary measure due to a system-wide water outage that has depressurized the distribution system. Water has been restored; however, users are being asked to restrict water use to essential use only until reservoir levels recover. Users will be notified when regular water use can resume.

The RDCK and Interior Health recommend that all customers drink boiled water or a safe alternative until further notice. Water intended for drinking, washing fruits and vegetables, making beverages or ice, or brushing teeth should be boiled for one minute. Boiled water should then be refrigerated in a clean, covered container. Customers could also choose to use bottled or distilled water.

Owners of all public facilities must post a **Boil Water Notice** at all sinks or drinking water fountains accessible to the public (alternatively, public fountains and taps may be turned off). As opportunities arise, they must also advise their clientele verbally of the **Boil Water Notice**.

The RDCK will be taking measures to reduce risk; water quality will be monitored and the public will be notified when the RDCK is able to lift the Boil Water Notice.

We apologize for any inconvenience this might cause and appreciate your cooperation and patience during this time. **For more information contact the RDCK (250) 352-8161 or visit our website at www.rdck.ca/water.**

Incorporated in 1965, the Regional District of Central Kootenay (RDCK) is a local government that serves 60,000 residents in 11 electoral areas and nine member municipalities. The RDCK provides more than 160 services, including community facilities, fire protection and emergency services, grants, planning and land use, regional parks, resource recovery and handling, transit, water services and much more. For more information about the RDCK, visit www.rdck.ca.
