EVACUATION ALERT RESCINDED

Date: May 30, 2026

Time: 1300 hrs

The Regional District of Central Kootenay has been advised that the potential for imminent danger of flooding to the life and property of persons, resident or present within the Six Mile Duhamel Creek community, just north of the City of Nelson, in Electoral Area F, has diminished at this time due to water levels dropping below the banks and being contained within the channel.

The Evacuation Alert has, therefore, been RESCINDED for all properties under Evacuation Alert.

In the event conditions change, Evacuation Alerts or Orders may be re-issued and the evacuation process will recommence.
