Preliminary Assessment of Hydraulic Connectivity in the Goat River Watershed

ADDENDUM NO. 1

Issued: June 18, 2026

Closing Date: 4:30 pm, July 3, 2026

This Addendum shall be read in conjunction with and considered as an integral part of the Contract Documents; revisions supersede the information contained in the original specifications or previously issued Addendum. Price submitted shall include all items of this Addendum.

By this **Addendum No. 1**, dated June 18, 2026, the Request for Proposal documents for the Preliminary Assessment of Hydraulic Connectivity in the Goat River Watershed shall be amended as specified below.

QUESTIONS & ANSWERS:

1. The Hydrochemical and isotopic dataset collection and report dates are June 16 and June 15, 2027. What is expected by this time?
 - a. Answer: The intention was to have monitoring, data collection and reporting completed by this timeframe. The deliverable is unclear and has been amended in the RFP to include explicitly the fall 2026 and spring 2027 monitoring with one reporting period on June 15, 2027

Except as modified by Addendum No. 1 issued June 18, 2026, the Request for Proposal documents for PRJ #2026-181-CS shall remain unchanged.
