Meeting ID: 928 8996 2245

Welcome (3:30 – 3:40)

Round Table: Individual Updates (3:40 – 4:10)

Members are invited to share brief updates on personal progress in the last months on rural mobility-related work.

RMCAC Brief Project Updates (4:10 – 4:30)

RDCK staff will share brief updates on each of the RMCAC's ongoing projects and investigations.

- Regional Transportation Service Network – progress, funding and servicing updates
- New Denver – Silverton Corridor study – progress update
- Kootenay Carshare & Rideshare – collaboration & funding update
- Cycling Education – progress update

Rural Regional Transportation Planning & Servicing (4:30 – 4:45)

Currently, beyond our traditional Transit Services, a few trails managed by our Parks department, and higher-level planning documents (like Official Community Plans), the RDCK does not have any formal strategy or involvement in rural transportation networks and servicing. Some regional districts in BC have taken steps to address transportation needs in their community and can offer guidance if the RDCK were to consider further transportation coordination in the region.

Staff will provide a presentation that includes a brief overview of current RDCK transportation involvement (Transit, Parks, Planning, RMCAC), as well as a review of innovative examples from across the Province and beyond. This will be followed by an open discussion and opportunity for the RMCAC members to provide input and feedback to staff.

Closing Circle and Next Steps (5:15 – 5:30)

Group will confirm next meeting time and date and any key, voluntary next steps and follow-ups for members.
